PROXIES AND VOTING INFORMATION

Solicitation of Proxies

This proxy statement is furnished by the Board of Directors (the "Board") of Kraft Foods Inc. (the "Company"), Three Lakes Drive, Northfield, Illinois 60093, in connection with its solicitation of proxies for use at the Annual Meeting of Stockholders to be held on Tuesday, April 22, 2003, at 9:00 a.m., at the Kraft Foods Inc. Robert M. Schaeberle Technology Center, 188 River Road, East Hanover, New Jersey, and at any and all adjournments thereof. Mailing of the proxy statement will commence on or about March 10, 2003. Holders of record of the Company's Class A Common Stock and Class B Common Stock (collectively, the "Common Stock") at the close of business on March 5, 2003, will be entitled to vote on all matters to come before the meeting. Holders of Class A Common Stock will be entitled to one vote for each share held. As of March 5, 2003, there were outstanding 552,314,056 shares of Class A Common Stock of which 276,600,990 were held by Altria Group, Inc. ("Altria Group"). Holders of Class B Common Stock will be entitled to ten votes for each share held. As of March 5, 2003, there were outstanding 1,180,000,000 shares of Class B Common Stock, all of which were held by Altria Group.

Stockholders are urged to sign and date the enclosed proxy and return it as promptly as possible in the envelope enclosed for that purpose. Registered stockholders can also deliver proxies by calling a toll-free telephone number or by using the Internet. The telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly. Instructions for voting by telephone or over the Internet are set forth on the enclosed proxy card. Most stockholders whose shares are held by a broker or other nominee are also afforded the opportunity to vote by telephone or over the Internet. Instructions are set forth on the enclosed proxy.

A proxy may be revoked at any time before it has been voted at the meeting by submitting a later-dated proxy (including a proxy by telephone or over the Internet) or by giving written notice to the Corporate Secretary of the Company. Unless the proxy is revoked or there is a direction to abstain on one or more proposals, it will be voted on each proposal and, if a choice is made with respect to any matter to be acted upon, in accordance with such choice. If no choice is specified, the proxy will be voted as recommended by the Board. The proxy will also serve to instruct the trustee of each defined contribution plan sponsored by the Company how to vote the plan shares of a participating stockholder or employee. The trustee of each defined contribution plan will vote the plan shares for which proxies are not received in the same proportion as the shares for which proxies are received.

Voting at the Meeting

A majority of the votes entitled to be cast on matters to be considered at the meeting constitutes a quorum. If a share is represented for any purpose at the meeting, it is deemed to be present for all other matters. Abstentions and shares held of record by a broker or its nominee ("Broker Shares") that are voted on any matter are included in determining the number of votes present. Broker Shares that are not voted on any matter at the meeting will not be included in determining whether a quorum is present.

The election of each nominee for director requires a plurality of the votes cast. In order to be approved, the votes cast for the ratification of the selection of independent accountants must exceed the votes cast against such ratification. Abstentions and Broker Shares that are not voted on the matter will not be included in determining the number of votes cast. Altria Group has advised the Company that it intends to vote for each of the nine nominees for director and for the ratification of the selection of PricewaterhouseCoopers LLP ("PricewaterhouseCoopers") as independent accountants.

Stockholders' proxies are received by the Company's independent proxy processing agent, and the vote is certified by independent inspectors of election. Proxies and ballots that identify the vote of individual stockholders will be kept confidential, except as necessary to meet legal requirements, in cases where stockholders write comments on their proxy cards or in a contested proxy solicitation. During the proxy solicitation period, the Company will receive vote tallies from time to

time from the inspectors, but such tallies will provide aggregate figures rather than names of stockholders. The independent inspectors will notify the Company if a stockholder has failed to vote so that he or she may be reminded and requested to do so.

ELECTION OF DIRECTORS

Director Nominations Controlled by Altria Group

Under the terms of a corporate agreement entered into between the Company and Altria Group, so long as Altria Group owns shares representing 50% or more of the voting power of the Company's outstanding Common Stock, Altria Group has the right to designate for nomination by the Board three members of the Board, including the Chairman of the Board. Altria Group also has the right to fill any vacancy resulting from an Altria Group designee ceasing to serve on the Board. Altria Group's designees on the Board are currently Mr. Camilleri, Mr. Devitre and Mr. Wall.

General Information

The Board has responsibility for establishing broad corporate policies and for the overall performance of the Company, although it is not involved in day-to-day operations. Members of the Board are kept informed of the Company's businesses by various reports and documents sent to them, as well as by operating and financial reports made at Board and committee meetings by the Chairman of the Board and other officers. In addition, the Board holds an annual two- or three-day meeting to review the Company's Five-Year Plan.

Regular meetings of the Board are held in January, March, April, June, August, October and December, and special meetings are held when necessary. The organizational meeting follows immediately after the Annual Meeting of Stockholders. The Board held ten meetings in 2002.

Committees of the Board

The Board has established two committees: the Audit Committee and the Compensation and Governance Committee.

The Audit Committee consists entirely of directors who are not employees of the Company or Altria Group. The Audit Committee members are: Mr. Pope (chair), Mr. Farrell, Ms. Schapiro and Ms. Wright. Its responsibilities, which include the approval of material transactions with Altria Group, are set forth in the Audit Committee Charter included as Exhibit A to this proxy statement. The Audit Committee's report appears on page 6 of this proxy statement. The Audit Committee met eight times in 2002.

The Compensation and Governance Committee consists entirely of directors who are not employees of the Company or Altria Group. The Compensation and Governance Committee members are: Mr. Farrell (chair), Mr. Pope, Ms. Schapiro and Ms. Wright. It is responsible for overseeing the Company's compensation programs and remuneration arrangements for its highest-paid executives, including the Co-Chief Executive Officers, and for reviewing the succession plans for the Co-Chief Executive Officers and other senior executives. The Compensation and Governance Committee also recommends to the Board a slate of nominees for election as directors, and makes recommendations with respect to general board practices and corporate governance matters. The Compensation and Governance Committee's Report on Executive Compensation appears on pages 10 to 13 of this proxy statement. The Compensation and Governance Committee met three times in 2002.

The Nominees

It is proposed that nine directors, four of whom are non-employee directors, be elected to hold office until the next Annual Meeting of Stockholders and until their successors have been elected. The Board has approved the persons named below as management's nominees and unless otherwise marked, a proxy will be voted for such person. Each of the nominees currently serves as a director. All nominees who served during 2002 attended at least 75% of the aggregate number of meetings of the Board and all committees of the Board on which they served.

Although management does not anticipate that any of the persons named below will be unable or unwilling to stand for election, a proxy, in the event of such an occurrence, may be voted for a substitute designated by the Board. However, in lieu of designating a substitute, the Board may amend the Company's By-Laws to reduce the number of directors.

The Board recommends a vote FOR the election of each of the nominees.

Compensation of Directors

Directors who are full-time employees of the Company or Altria Group receive no additional compensation for services as a director. With respect to non-employee directors, the Company's philosophy is to provide competitive compensation and benefits necessary to attract and retain high-quality non-employee directors and to encourage ownership of Company stock to further align their interests with those of stockholders.

Pursuant to the 2001 Compensation Plans for Non-Employee Directors (the "Directors Plans"), non-employee directors receive an annual retainer of \$35,000, meeting fees of \$1,000 for each Board meeting attended, and \$1,000 for each committee meeting attended. For additional services rendered in connection with committee chair responsibilities, the chairs of the Audit and Compensation and Governance Committees receive a \$5,000 annual retainer. Non-employee directors are also reimbursed for actual expenses in connection with attendance at Board and committee meetings.

In 2002, pursuant to the Directors Plans, each non-employee director received a stock distribution equal to that number of shares of Class A Common Stock having an aggregate fair market value of \$30,000 on the date of grant as well as an option to purchase the number of shares of Class A Common Stock calculated by dividing \$30,000 by the Black-Scholes value of each option. These options have an exercise price equal to the fair market value of the Class A Common Stock on the date of grant and a term of ten years. Accordingly, Mr. Farrell, Mr. Pope, Ms. Schapiro and Ms. Wright each received 760 shares of Class A Common Stock and an option to purchase 1,710 shares of Class A Common Stock on April 22, 2002.

A non-employee director may elect to defer the award of shares of Class A Common Stock, meeting fees and all or part of the annual retainer. Deferred fee amounts are credited to an unfunded bookkeeping account and may be "invested" in nine phantom investment choices, including a Class A Common Stock equivalent account. These investment choices parallel the investment options offered to employees under the Kraft Foods Inc. Thrift Plan and determine the amounts credited as earnings for bookkeeping purposes to a director's account. Subject to certain restrictions, a director is permitted to take cash distributions, in whole or in part, from his or her account either prior to or following termination of service.

AUDIT COMMITTEE MATTERS

Upon the recommendation of the Audit Committee and in compliance with regulations of the New York Stock Exchange, the Board has adopted an Audit Committee Charter setting forth the requirements for the composition of the Audit Committee, the qualifications of its members, the frequency of meetings (including the need for meetings in executive session) and the responsibilities of the Audit Committee.

In addition, in accordance with regulations of the Securities and Exchange Commission, the Audit Committee has issued the following report.

RATIFICATION OF THE SELECTION OF INDEPENDENT ACCOUNTANTS

Upon the recommendation of the Audit Committee and subject to stockholder ratification, the Board has retained PricewaterhouseCoopers as the Company's independent accountants for the fiscal year ending December 31, 2003. In recommending to the Board that PricewaterhouseCoopers be retained as the Company's independent accountants, the Audit Committee considered whether the provision of non-audit services by PricewaterhouseCoopers was compatible with maintaining PricewaterhouseCoopers' independence and concluded that it was. A representative of PricewaterhouseCoopers will be present at the meeting. The representative will be given an opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

The Board recommends a vote FOR the ratification of the selection of PricewaterhouseCoopers.

Comparison of Cumulative Stockholder Return

The following graph compares the cumulative total stockholder return of the Company's Class A Common Stock from the date it commenced trading following the Company's initial public offering ("IPO"), June 13, 2001, through December 31, 2002, with the cumulative total stockholder return for the same period of the S&P 500 Index and the peer group index. The graph assumes that \$100 was invested in the Company's Class A Common Stock and each of the indices as of the market close on June 13, 2001, and that all dividends were reinvested.

The peer group index consists of companies considered market competitors of the Company, or that have been selected on the basis of industry, level of management complexity, global focus or industry leadership.⁽¹⁾

Compensation and Governance Committee Report on Executive Compensation

To Our Stockholders:

This report discusses the Company's compensation programs for executive officers and details of the compensation paid to the Company's Co-Chief Executive Officers for 2002.

The four primary goals of the Company's compensation programs are to:

- attract, retain and motivate talented employees and develop world-class leaders;
- support the Company's mission of becoming the undisputed global food leader;
- emphasize the relationship between pay and performance by placing a significant portion of compensation at risk and subject to the achievement of short-term and long-term financial and strategic objectives; and
- align the interests of executives with those of stockholders through the use of long-term cash- and equity-based incentive awards.

To ensure that the Company's compensation programs are appropriately benchmarked relative to our competitors, the Committee compares the Company's compensation practices to the compensation practices of companies included in a compensation survey group. The compensation survey group is a broader and more diverse group of companies than those included in the peer group index used in the cumulative stockholder return graph on page 9 of this proxy statement, and consists of companies that compete with the Company for executive talent.

In 2002, the Committee considered the following in determining executive compensation levels under the Company's compensation programs:

- the Company's financial performance compared with its annual and long-term objectives and relative to the financial performance of companies in the performance peer group;

individual contributions to the Company's performance;

- appropriate exercise of management and financial controls;
- achieving results in an appropriate and ethical manner; and
- compensation levels set by companies within the compensation survey group.

The Company generally targets total compensation for executives within the top or fourth quartile of the compensation survey group, if business and individual performance targets are achieved. Based on the latest available data, total compensation for executives ranked within the top quartile of the compensation survey group.

There are three major elements to the Company's compensation program: base salary, short-term incentives and long-term incentives, including equity and cash.

During 2002, the Company conducted an extensive review of its executive compensation programs, and the Committee implemented several design changes to the incentive compensation programs. The principal changes include:

- implementing new stock ownership guidelines for its executives;
- beginning in 2003, awarding equity grants in shares of restricted stock rather than fixed-priced stock options to executives; and
- shifting a portion of "at-risk" compensation from equity-based awards to cash incentive awards under the Long-Term Performance Incentive Award program.

An overview of each of the major compensation program elements and the newly established stock ownership guidelines follows.

Base Salary

Each year, the Committee reviews and determines base salaries for the Co-Chief Executive Officers, those executives reporting to the Co-Chief Executive Officers and certain other senior executives. In determining individual salaries, the Committee evaluates a number of factors, including the executive's individual performance, level of responsibility, tenure, prior experience, and a comparison of base salaries paid for comparable positions within the Company's compensation survey group.

Annual Incentives

The Company provides annual incentive opportunities to the Company's management and executive employees. Annual cash incentives reward participants for the achievement of annual financial, business and strategic results that positively impact total stockholder returns.

For 2002, annual incentive awards to executives were based on an assessment of individual, operating company and corporate performance. The Committee did not assign specific weights to the performance factors considered. The factors used to evaluate performance included financial measures such as operating company volume, operating income, cash flow, return on management investment, and market share, evaluated, in each case, against both actual 2001 results and the Company's 2002 business plan. The Committee also evaluated the Company's performance against other strategic measures such as portfolio management, diversity, leadership development and response to the business environment. In 2002, the Company achieved top-tier industry performance despite a challenging environment. As a result, annual incentive awards were generally paid at or near targeted levels for executives.

For those officers whose compensation is subject to the deductibility limitations of Section 162(m) of the Internal Revenue Code (the "covered officers"), annual incentive awards are also contingent upon the achievement of adjusted net income derived from a compensation formula set by the Committee. For 2002, adjusted net income levels were achieved, and the covered officers received payments consistent with financial performance as permitted under the pre-determined formula.

Long-Term Incentives

The 2001 Performance Incentive Plan, approved by stockholders at the 2002 Annual Meeting, enables the Company to grant stock options, stock appreciation rights, restricted stock and other awards based on the Company's Class A Common Stock, as well as performance-based long-term incentive cash awards to the Company's salaried employees. Long-term incentives focus executives on attaining performance goals over a number of years integral to the success of the Company's business while increasing stockholder returns.

- **Restricted Stock.** The Committee decided, beginning in 2003, to grant equity awards in the form of restricted stock (or deferred stock for executives located outside of the U.S.) rather than fixed-priced stock options. The value of the restricted stock will be reflected as a compensation expense in the Company's financial statements, making the cost of our executive compensation programs more transparent to stockholders. The grant of restricted stock, together with the decrease in the overall proportion of equity awards to total compensation, will result in lower share utilization. Restricted stock awards in 2003 will vest three years from the grant date.
- **Stock Ownership Guidelines.** In 2002, the Committee approved new stock ownership guidelines for approximately 200 executives to further align their interests with those of our stockholders. Under these guidelines, executives will be expected to acquire and maintain Company stock in an amount equal to a multiple of their base salary as determined by their position. The guidelines range from two times base salary to six times base salary for the Co-Chief Executive Officers. Executives are expected to attain their ownership guidelines within five years.
- **Stock Options.** The Company made no regularly scheduled stock option grants during 2002 to its executives or employees. Stock option grants that the Company would otherwise have awarded in 2002 were instead awarded in June 2001 to coincide with the Company's IPO. However, certain senior executives who exercised their Altria Group stock options during 2002 and who retained the shares upon exercise did receive Altria Group Executive

Ownership Stock Options ("EOSOs") pursuant to a previously approved program. The EOSO feature promotes the early exercise of stock options and the retention of shares gained through the resulting exercise, thus encouraging executives to build their stock ownership. An EOSO is granted when an eligible executive exercises an option when the stock price has appreciated at least 20% above the option grant price, and the executive satisfies payment of the option price using shares of common stock that have been owned for at least six months. The EOSO is granted for the number of shares used to pay the exercise price of the underlying option and related taxes, has an exercise price equal to the market price of the common stock tendered, has a term limited to the remaining term of the original option and vests six months from the date of grant. The executive is required to hold the net new shares received upon exercise for one year or the new EOSO grant is forfeited. Stock options granted by the Company in June 2001 that vested on January 31, 2003 also included an EOSO feature.

- **Long-Term Performance Incentive Awards.** Long-Term Performance Incentive Awards focus senior executives on the achievement of long-term financial and strategic goals that contribute to the long-term business success of the Company and have a positive impact on stockholder return. In January 2001, a new three-year, long-term performance cycle commenced, with awards scheduled to be paid in the first quarter of 2004 after the completion of the three-year cycle, provided that certain long-term performance goals are attained. Beginning in 2003, a greater portion of an executive's long-term incentive compensation will be delivered through the Long-Term Performance Incentive Awards program, with a corresponding decrease in the portion delivered as equity compensation. Specifically, for the third year of the current 2001-2003 long-term performance cycle, targeted Long-Term Performance Incentive Awards will increase above levels contemplated at the beginning of the performance cycle in order to reflect the reduction in 2003 grant levels of equity compensation. (Actual awards to covered officers will remain contingent upon the achievement of cumulative adjusted net income derived from the formula set by the Committee at the beginning of the performance cycle.) Additionally, awards for all eligible executives will be based on achievement of overall Company results and total stockholder return performance rather than, in some cases, on business unit results. No new Long-Term Performance Incentive Awards were granted in 2002. The next three-year performance cycle is scheduled to begin in 2004.

Compensation of the Co-Chief Executive Officers

Mr. Deromedi and Ms. Holden are each responsible for a significant portion of the business and, in their roles as Co-Chief Executive Officers, equally share overall responsibility for the management of the Company and its performance. Because of the Company's Co-Chief Executive Officer structure, Mr. Deromedi's and Ms. Holden's individual total compensation is below the top quartile for a single chief executive officer of companies comprising the compensation survey group.

For 2002, the Committee took the following actions related to the compensation of Mr. Deromedi and Ms. Holden:

- increased their base salaries in 2002 to \$892,500 per year; and
- awarded each an annual incentive award for 2002, which was contingent on a pre-established formula applicable to all covered officers.

In addition, the Committee granted each of Mr. Deromedi and Ms. Holden 55,630 shares of restricted stock in January 2003.

The Committee determines Mr. Deromedi's and Ms. Holden's compensation according to the compensation programs that apply to other Company executive officers, taking into account their contributions to the success of the Company. For 2002, the Committee considered individual performance with respect to the achievement of key strategic, financial and leadership development objectives, including income growth, volume growth, productivity savings, new product development, increasing market share and increasing free cash flow, in determining Mr. Deromedi's and Ms. Holden's compensation.

The Committee has determined that in light of these considerations, Mr. Deromedi's and Ms. Holden's compensation is appropriate as compared to the compensation provided to the sole chief executive officers of companies in the Company's compensation survey group.

Policy With Respect To Qualifying Compensation for Deductibility and Other Matters

The Company's ability to deduct compensation it pays to covered officers is generally limited, under Section 162(m) of the Internal Revenue Code, to \$1,000,000 annually. However, performance-based compensation is not subject to this limitation, provided certain conditions are satisfied. Annual and long-term incentive awards granted by the Committee for covered officers, including incentive awards for 2002, were subject to, and made in accordance with, arrangements implemented by the Committee to qualify for Section 162(m)'s performance-based compensation exemption, so that such payments would be fully tax-deductible.

Generally, the Company's policy is to preserve the federal income tax deductibility of compensation it pays. Accordingly, the Committee has taken appropriate actions, to the extent the Committee believes feasible, to preserve the deductibility of annual incentive, long-term performance, and stock option awards. However, the Committee has authorized, and will continue to retain the authority to authorize, payments that may not be deductible if the Committee believes that they are in the stockholders' and the Company's best interests. Income for the Company's covered officers may exceed the \$1,000,000 deductibility limit because of certain elements of their annual compensation, such as perquisites, restricted stock awards and cash dividends thereon, payments related to reductions in unfunded retirement benefits, tax reimbursements and income resulting from payments made pursuant to plans that do not discriminate in favor of executive officers.

(1) In accordance with Securities and Exchange Commission rules, grant date present value is determined using the Black-Scholes Model. The Black-Scholes Model is a complicated mathematical formula widely used to value exchange-traded options. However, stock options granted by Altria Group are long-term, non-transferable and subject to vesting restrictions, while exchange-traded options are short-term and can be exercised or sold immediately in a liquid market. The Black-Scholes Model relies on several key assumptions to estimate the present value of options, including the volatility of, and dividend yield on, the security underlying the option, the risk-free rate of return on the date of grant, and the estimated time period until exercise of the option. In calculating the grant date present values set forth in the table, the volatility was based on the monthly closing stock prices and dividends for the five-year period preceding the grant dates, the dividend yield was based on an annual dividend rate in

15

effect at the time the options were granted, the risk-free rate of return was fixed at the rate for a five-year U.S. Treasury Note for the month of grant as reported in the Federal Reserve Statistic Release H.15(159), and an estimated time period equal to the lesser of the option term or five years was used. The following assumptions were used in the table:

Black-Scholes Model Assumptions

Stock Option Grant	Expiration Date	Volatility	Dividend Yield	Risk-Free Rate of Return	Time Period
Roger K. Deromedi (Altria Group EOSO)	January 26, 2010	32.674%	4.69%	4.30%	5.0 years
Betsy D. Holden (Altria Group EOSO)	January 26, 2010	31.414	4.14	4.49	5.0 years
Betsy D. Holden (Altria Group EOSO)	January 26, 2010	34.996	6.00	2.95	5.0 years
David S. Johnson (Altria Group EOSO)	January 26, 2010	33.175	4.85	3.29	5.0 years
David S. Johnson (Altria Group EOSO)	January 26, 2010	34.996	6.17	2.95	5.0 years
Irene B. Rosenfeld (Altria Group EOSO)	June 23, 2006	33.596	4.29	4.38	4.2 years

The use of different assumptions can produce significantly different estimates of the present value of options. Consequently, the grant date present values shown in the table are only theoretical values and may not accurately represent present value. The actual value, if any, an optionee will realize will depend on the excess of market value of Altria Group common stock over the exercise price on the date the option is exercised.

(2) Based on the closing price of Altria Group common stock of \$40.53 on December 31, 2002.

(3) Represents Altria Group EOSO grants that do not become exercisable until six months following their date of grant. EOSO grants are subject to forfeiture if the executive does not hold the net shares received upon exercise for a period of one year following such exercise of the underlying option.

(1) At February 1, 2003, Mr. Deromedi had accredited service of 14.7 years; Ms. Holden had accredited service of 18.7 years; Mr. Johnson had accredited service of 16.7 years; and Ms. Rosenfeld had accredited service of 21.9 years.

Mr. Deromedi, Ms. Holden, Mr. Johnson, and Ms. Rosenfeld participate in the tax-qualified Kraft Foods Retirement Plan and a non-qualified supplemental pension plan. These plans provide for fixed retirement benefits in relation to the participant's years of accredited service, five-year average annual compensation (the highest average annual compensation during any period of five full consecutive years out of the ten years preceding retirement) and applicable Social Security-covered compensation amount. The fixed retirement benefit is also dependent upon the periods of service before January 1, 1989 (for former Kraft Foods participants), or January 1, 1991 (for former General Foods participants), in which the participant elected to make contributions. Allowances are payable upon retirement at the normal retirement age of 65 and upon attainment of certain conditions at earlier ages. Annual compensation includes the amount shown as annual salary and bonus in the Summary Compensation Table. At December 31, 2002, five-year average annual compensation was \$1,208,900 for Mr. Deromedi; \$1,032,510 for Ms. Holden; \$580,332 for Mr. Johnson; and \$733,546 for Ms. Rosenfeld.

The above table provides examples of annual pension benefits payable under these plans. The examples, which assume retirement at the normal retirement age of 65, are based on the Social Security-covered compensation amount in effect for an employee attaining age 65 in calendar year 2003. Since participant contributions could be

substantial in individual cases, the benefit amounts shown in the table may be attributed in certain instances to participant contributions to a significant degree, depending upon retirement date and years of service. The Company has made available funding payments to certain executives with vested accrued benefits under non-qualified supplemental retirement plans. During 2002, the following amounts, less applicable tax withholding, were made available to the following executive officers named in the Summary Compensation Table to provide funding for pension benefits earned under the Company's non-qualified supplemental defined benefit plan as of December 31, 2001, and valued at July 1, 2002 for Mr. Johnson, and for projected benefits to be earned through July 1, 2003 and valued at July 1, 2002 for Mr. Deromedi, Ms. Holden and Ms. Rosenfeld: Mr. Deromedi, \$253,738; Ms. Holden, \$227,461; Mr. Johnson, \$32,888; and Ms. Rosenfeld, \$253,369. These amounts offset benefits previously accrued and do not increase total promised benefits.

(1) At February 1, 2003, Mr. Vogelsang had accredited service of 17.6 years.

Mr. Vogelsang participates in the Kraft Foods Switzerland Pension Fund. The Kraft Foods Benefits Plan in Switzerland is a contributory plan providing benefits related to the participant's years of accredited service and final covered compensation as illustrated by the above table. Benefits are payable upon retirement at the normal retirement age of 65 for men and 63 for women, and at earlier ages, in the form of a pension or half pension and half lump sum. Currently, covered compensation is determined as salary above 1.0 times the expected Social Security Pension (25,320 Swiss Francs, or \$18,263 for 2003) up to a salary of 490,000 Swiss Francs (\$353,437), which results in a maximum pensionable salary of 465,200 Swiss Francs (\$335,549). Due to this limitation, at December 31, 2002, final covered compensation for Mr. Vogelsang was 465,200 Swiss Francs (\$335,549) converted from Swiss Francs to U.S. dollars based on a currency translation rate of 1.3864, as of December 31, 2002.

Mr. Vogelsang is also eligible to receive a retirement benefit under the retirement plan of a German subsidiary of the Company. Upon retirement at age 65, he would receive, in addition to the retirement allowance payable under the Swiss plan, an annual benefit of 87,168 euros (approximately \$93,828 as of February 1, 2003), converted from euros to U.S. dollars based on a currency translation rate of 0.9290, as of February 1, 2003.

Employment Contracts, Termination of Employment and Change of Control Arrangements

Mr. Deromedi and Ms. Holden have change of control agreements with Altria Group. The agreements provide that if the executive is terminated other than for cause within three years after a change of control of Altria Group or if the executive terminates his or her employment for good reason within such three-year period or voluntarily during the thirty-day period following the first anniversary of the change of control, the executive is entitled to receive a lump-sum severance payment equal to two and one-half times the sum of base salary and highest annual bonus, times a fraction, the numerator of which is the number of months remaining until the expiration of the three-year period (but which shall be no greater than 30), and the denominator of which is 30, together with certain other payments and benefits, including continuation of employee welfare benefits. An additional payment is required to compensate the executive in the event excise taxes are imposed upon payments under the agreements.

18

RELATIONSHIP WITH ALTRIA GROUP

As of March 5, 2003, Altria Group owned 84.1% of the outstanding shares of the Company's capital stock through its ownership of 50.1% of the outstanding Class A Common Stock, and 100% of the outstanding Class B Common Stock. Class A Common Stock has one vote per share while Class B Common Stock has ten votes per share. Therefore, as of March 5, 2003, Altria Group held 97.8% of the combined voting power of the outstanding Common Stock. For as long as Altria Group continues to own shares representing more than 50% of the combined voting power of the Common Stock, it will be able to direct the election of all members of the Board and exercise a controlling influence over the business and affairs of the Company, including any determinations with respect to mergers or other business combinations, the acquisition or disposition of assets, the incurrence of indebtedness, the issuance of additional shares of Common Stock or other equity securities and the payment of dividends on Common Stock.

Included below are descriptions of certain agreements, relationships and transactions the Company has with Altria Group. The agreements are filed as exhibits to the Company's filings with the Securities and Exchange Commission and the summaries below are qualified in all respects by reference to the full text of the exhibits.

Corporate Agreement

The Company has entered into a corporate agreement with Altria Group under which Altria Group has a continuing option to purchase additional shares of Class A Common Stock. Altria Group may exercise the option simultaneously with the issuance of any equity security of the Company, only to the extent necessary to permit Altria Group to maintain its then-existing percentage ownership of Common Stock. This option is not exercisable upon the issuance of stock in connection with employee compensation. The purchase price of the shares of Class A Common Stock purchased upon any exercise of this option will be equal to the price paid for Class A Common Stock in the related issuance if the Company issues Class A Common Stock for cash, or the then current market price of Class A Common Stock if the Company issues a different equity security or Class A Common Stock for other than cash.

The corporate agreement provides that all material intercompany transactions, including any material amendments to the corporate agreement, the services agreement, the tax sharing agreement or any other agreement between the Company and Altria Group, will be subject to the approval of the Audit Committee of the Board.

The Company has agreed with Altria Group that both it and Altria Group have the right to engage in the same or similar business activities as the other party, do business with any customer or client of the other party, and employ or engage any officer or employee of the other party. Neither Altria Group nor the Company, nor their respective related persons, will be liable to the other as a result of engaging in any of these activities.

Under the corporate agreement, the Company must obtain Altria Group's written consent before: entering into any agreement binding Altria Group or that contains provisions that trigger a default or require a material payment when Altria Group exercises its rights to convert Class B Common Stock; declaring extraordinary dividends; and issuing any equity securities except for Class A Common Stock issued or granted to the Company's employees.

The corporate agreement will terminate when Altria Group owns less than 50% of the Company's then outstanding Common Stock, except that the indemnification provisions will survive the termination.

19

Services Agreement

Altria Corporate Services, Inc., a wholly owned subsidiary of Altria Group, provides certain services to the Company for fees based on costs incurred by Altria Group and its subsidiaries in providing the services plus a management fee. The Company paid \$327 million, \$339 million, and \$248 million for these services in

the years ended December 31, 2002, December 31, 2001, and December 31, 2000, respectively, and the Company expects to make payments comparable to the 2002 amount for similar levels of services in 2003. Although the cost of these services cannot be quantified on a stand-alone basis, the Company believes that the billings are reasonable based on the level of support provided by Altria Corporate Services, Inc. and that they reflect all services provided. The cost and nature of the services are reviewed annually by the Company's Audit Committee. These services, which are the subject of a services agreement, include planning, legal, treasury, accounting, auditing, insurance, human resources, office of the secretary, corporate affairs, information technology and tax services.

Altria Corporate Services, Inc. and the Company may each terminate any or all of the services under the services agreement by giving the other party written notice at least 12 months in advance of termination. Altria Corporate Services, Inc. has agreed to provide the Company with reasonable assistance to make an orderly transition to other service providers upon the termination of the services agreement.

Tax-Sharing Agreement

The Company is included in Altria Group's federal consolidated income tax group, and its federal income tax liability is included in the consolidated federal income tax liability of Altria Group and its subsidiaries. In certain circumstances, certain of the Company's subsidiaries will also be included with certain Altria Group subsidiaries in combined, consolidated or unitary income tax groups for state and local income tax purposes. The Company has entered into a tax-sharing agreement with Altria Group. Under the tax-sharing agreement, the Company makes payments to Altria Group, with respect to any period, for the amount of taxes to be paid by the Company, and these taxes are determined as though the Company filed separate federal, state and local income tax returns as the common parent of an affiliated group of corporations filing combined, consolidated or unitary, as applicable, federal, state and local income tax returns. The Company's payments to Altria Group also include any amounts determined by a tax authority or estimated by Altria Group to be due as a result of a redetermination of the tax liability of Altria Group arising from an audit or otherwise. The Company is reimbursed, however, for any tax items such as foreign tax credits, net operating losses and alternative minimum tax credits, based on the usage of the tax items by the consolidated group.

Borrowings from Altria Group

At December 31, 2002, the Company had a long-term note payable to Altria Group of \$1,150 million, other long-term debt payable to Altria Group of \$1,410 million and short-term borrowings due to Altria Group of \$895 million. The long-term note bears interest at an annual rate of 7.0% and matures in 2009, with no penalty for prepayment. During 2002, the Company prepaid \$3,850 million of the 7.0% long-term note payable to Altria Group. The Company anticipates that it will continue to refinance borrowings from Altria Group with proceeds from external debt offerings as market conditions permit.

20

OTHER MATTERS

Management knows of no other business that will be presented to the meeting for a vote. If other matters properly come before the meeting, the persons named as proxies will vote on them in accordance with their best judgment.

The cost of this solicitation of proxies will be borne by the Company. In addition to the use of the mail, some of the officers and regular employees of the Company may solicit proxies by telephone and will request brokerage houses, banks and other custodians, nominees and fiduciaries to forward soliciting material to the beneficial owners of Class A Common Stock held of record by such persons. The Company will reimburse such persons for expenses incurred in forwarding such soliciting material. It is contemplated that additional solicitation of proxies will be made in the same manner under the engagement and direction of D.F. King & Co., Inc., 77 Water Street, New York, NY 10005, at an anticipated cost of \$6,000, plus reimbursement of out-of-pocket expenses.

2004 ANNUAL MEETING

Stockholders wishing to suggest candidates to the Compensation and Governance Committee for consideration as directors may submit names and biographical data to the Corporate Secretary of the Company. The Company's By-Laws prescribe the procedures a stockholder must follow to nominate directors or to bring other business before stockholder meetings. For a stockholder to nominate a candidate for director at the 2004 Annual Meeting, presently anticipated to be held on April 20, 2004, notice of the nomination must be received by the Company between October 9, 2003 and November 8, 2003. The notice must describe various matters regarding the nominee, including name, address, occupation and shares held. For a stockholder to bring other matters before the 2004 Annual Meeting, and to include a matter in the Company's proxy statement and proxy for that meeting, notice must be received by the Company within the time limits described above. The notice must include a description of the proposed business, the reasons therefor and other specified matters. In each case, the notice must be given to the Corporate Secretary of the Company, whose address is Three Lakes Drive, Northfield, Illinois 60093. Any stockholder desiring a copy of the Company's By-Laws will be furnished one without charge upon written request to the Corporate Secretary.
